

# Prisoner Transport Window Armor & Rear Door Panels

**Pro-gard**<sup>™</sup>  
PRODUCTS LLC.

*Steel Window Armor & ABS Door Panel shown in Ford Crown Victoria*

## Window Armor and Rear Door Panels

### Features of Window Armor

- Prevents side windows from being knocked out
- Does not inhibit ventilation to rear seat
- Will not interfere with side curtain airbag deployment
- Easy to install
- Available in two styles to match your departmental preference

#### Rugged, Steel Bars

- black powder coated finish - protects metal from environmental conditions
- choose to use with OEM door panels or optional ABS Rear Door Panels

#### Durable, Polycarbonate Panels

- ¼" thick polycarbonate panel reinforced, steel frame prohibits panel from bending and flexing
- camouflaged styling, offers a "less aggressive" look for vehicles

### Features of Rear Door Panels

- **ABS construction** - provides a flexible yet durable material against contact
- **Additional level of restrictive protection**
  - prevents access to window release or door latch from interior of vehicle
  - eliminates access to door handles and costly replacements
  - eliminates crevices and cracks of OEM door panels where contraband can be hidden

**Patented Ford Crown Victoria Design features our no holes drilled, no trim cut easy installation**

**Polycarbonate armor is structurally reinforced with a steel frame that prohibits flexing**
