G5500 Series, Roof Mount, Gun Racks

Features of Pro-clamp, Roof Mount Gun Rack - G5500 Series

- **No holes drilled** - installs in minutes, simply clamp brackets into place, lock tension bar in place, and shut doors
- **Overhead Mount**
 - provides quick and easy access to weapons in time critical situations
 - keeps weapons hidden from view outside of vehicle
- **For use in vehicles without partitions**
- **Optional AOI Airbag On/off Control Switch** - allows you to use over head mounted gun racks even in vehicles outfitted with side curtain airbags*
- **Choose dual or single weapon mounting**
- **Adjustable brackets and gun locks with adjustable inserts***
 - accommodates multiple weapon and accessory configurations
 - prevent road rattle
 - some components may be transferable to other Pro-gard gun rack mounting configurations
- **Durable, powder coated, steel construction** - resists corrosion and impact
- **8 second delay timer included**
 - allows for quick access to weapon with touch of button
 - choose from three override key styles: handcuff, straight, or vending

**contact customer service to find out more information*

Gun locks are determined by a combination of mounting location, weapon type, and weapon accessories*

Purchase an optional AOI Side Curtain Airbag On/off Control Switch to avoid the conflict of mounting a gun rack in the sidecurtain airbag deployment zone.
