Pro-gard Products LLC, a leading manufacturer of law enforcement vehicle equipment for over 40 years, provides the safest, most durable products designed to perform on the open road. Pro-gard announced the addition of their Ballistic Ticket Boards available in NIJ levels I and II. Pro-gard's Ballistic Ticket Board are designed to provide officers with a solid surface for writing tickets and provides protection from a physical attack by functioning as a face and neck shield with extensive ballistic properties. The Ballistic Ticket Boards have been tested by Underwriters Laboratories with level I stopping 9mm full metal copper jacket with lead core and level II stopping 357 Magnum Soft Point with no spall or penetration. Both levels are available in right and left handed models.
